Subject: **Notice of Construction** – 4-inch Water Main Replacement on Upper Terrace (2600 Block). Project I-1076.

Dear Resident:

Crescenta Valley Water District (CVWD) will construct 240 LF of a new 6-inch water main on Upper Terrace. This is part of CVWD's ongoing pipeline replacement program (see project location map on reverse side).

**Construction is anticipated to begin the week of May 20, 2024.** CVWD crews will begin replacing the old 4-inch diameter water main on Upper Terrace. The water main was installed in 1950 and will be replaced with a new 6-inch diameter water main. Please visit CVWD's website at [www.cvwd.com](http://www.cvwd.com) for updates on the construction schedule. We anticipate the entire pipeline replacement project to be completed by the end of May 2024.

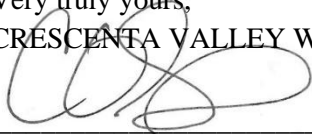

Please note that there will be a period, usually between 4 to 6 hours, when the water service to your home will be shut off. This will occur when crews tie the new water main into the existing water main. CVWD will notify each resident a minimum of 48 hours before the actual shutdown, with a letter that indicates the date and time. Please sign up for Everbridge notifications on our website for the most up-to-date shutdown information.

CVWD crews will install temporary parking and traffic restrictions along Upper Terrace and Rosemont Ave. This will allow our crews to work in a safe and expeditious manner to complete the project. Temporary "No Parking" signs will be posted a minimum of two (2) days before construction. We request that you observe these signs and any other traffic control. Driveways within the construction zone may be temporarily restricted due to the construction. CVWD's on-site inspector and crews will assist you with access into and out of your driveway.

As in most construction projects, the work will create a certain amount of unavoidable public inconvenience. Your cooperation in making this project successful will be greatly appreciated. If you have any questions or comments concerning this project, please contact me by phone at (818) 236-4115 or email me at [ckopelman@cvwd.com](mailto:ckopelman@cvwd.com).

Very truly yours,

CRESCENTA VALLEY WATER DISTRICT

---

Christina Kopelman  
Assistant Engineer

CC: Brook Yared – CVWD  
James Lee – CVWD
