It was moved by Director Bodnar, seconded by Director Raghavachary and carried by a 5-0 vote to elect Director Jeffery Johnson as Board Vice President for 2024.

Resolution No 790 – Mr. Montes shared that during the June 27, 2023 Board meeting, the Board directed staff to initiate the bond financing process for the first of two financings over six years. Mr. Montes stated that of the 2020 bond issuance, \$10.4 million currently remains outstanding, and that the bond will mature in 2050 with an average annual payment requirement of approximately \$580,000. Mr. Montes said that the proposed 2024 bond issue of approximately \$12 million will have average annual payments of approximately \$780,000 over 30 years. Mr. Montes presented Resolution No. 790 to authorize the execution and delivery of Revenue Certificates of Participation and approving the execution and delivery of certain documents. Mr. Kim, Bond Counsel, stated that upon the adoption of Resolution No. 790 (District) and Resolution No. 003 (Financing Corporation), the District and the Financing Corporation would merely authorize the issuance of the certificates of participation that are necessary to issue the bonds, and that the General Manager has the authority to make any changes if market conditions were to change dramatically.

Following discussion:

It was moved by Director Johnson, seconded by Director Raghavachary, and carried by a 5-0 roll call vote to adopt Resolution No. 790 authorizing the execution and delivery of the 2024 Revenue Certificates of Participation and approving the execution and delivery of certain documents in connection therewith and certain other matters.

NOES: None

E-1046 - Orange Ave. Pipeline Final Paving and Project Closeout – Mr. Yared announced that staff is closing out the recent Orange Avenue pipeline project. Mr. Yared stated that the trench resurfacing estimated by J. Vega increased from \$204,000 to \$361,000 due to a 57% increase in square footage caused by the removal of large boulders. Mr. Yared proposed to omit the final paving (Bid item 2) and compensating J. Vega for the extra work of boulder removal and additionally suggested engaging Paveco

to complete the trench resurfacing at an estimate of \$95,000. Mr. Yared added that the transition to Paveco for the remainder of the resurfacing is projected to save the district \$62,000.

Following discussion:

It was moved by Director Bodnar, seconded by Director Erickson, and carried by a 5-0 vote to authorize the General Manager to award a contract to Paveco to provide services for completion of Bid Item 2 for Project E-1046 at cost not to exceed \$95,000, as well as authorize the General Manager to omit portions of payment for Bid Item 2 and provide an additional contingency of 10% to E-1046.

Request for Proposals for General Counsel Legal Services – Mr. Lee opened discussion to the Board for the issuance of a request for proposals for general counsel legal services. Director Johnson suggested that the Board evaluate the policies for general counsel legal services and prelitigation services. Director Raghavachary proposed the formation of an ad hoc committee for further discussion of a request for proposal (RFP) and a policy for litigation. Mr. Johnson accepted the nomination of chair for the ad hoc committee.

Public Opinion Research Survey – Mr. Atwater explained that the Board conducted a workshop on October 18, 2023 and directed staff to develop and implement a long-term Public Engagement Master Plan as it relates to the broader Strategic Plan. Mr. Atwater stated that Probolsky Research has conducted surveys for numerous public utilities and is familiar with the most relevant questions and how best to structure and phrase them to ascertain the best information. Mr. Atwater provided a hand-out of survey questions for the Board's evaluation and comments.

Following discussion:

The Board will review the sample survey questions provided and continue discussion during a future Board meeting.

BOARD OF DIRECTORS - STAFF REPORT

Action Item No. 2
January 9, 2024

To: Honorable President and Members of the Board of Directors
From: Patrick Atwater – Regulatory and Public Affairs Manager
Subject: **Public Opinion Research Survey**

ACTION ITEM:

Public Opinion Research – Discuss public opinion research survey questions.

BACKGROUND/DISCUSSION:

In recognizing the importance of fostering open communication and involving residents in decision-making processes and to build transparency and trust, the Board conducted a workshop on October 18, 2023 and subsequently directed staff to develop and implement a long-term Public Engagement Master Plan as it relates to the broader Strategic Plan. The master plan represents a substantial investment, and ensuring that the District's efforts align with the community's expectations as appropriate is an important consideration for maximizing the investment of the District's resources.

Public utility agencies are increasingly utilizing public opinion research surveys to more accurately identify and understand the issues most important to their customers. Staff engaged with Probolsky Research, a public opinion research firm that has conducted similar surveys for numerous public utilities and is familiar with the most relevant questions and how best to structure and phrase them to ascertain the best information. The proposed professionally conducted survey has methodological rigor that derives statistically significant data (+/-5% accuracy).

Staff developed a set of survey questions in conjunction with Probolsky Research and Ann Newton, the District's public affairs consultant, and refined that survey based on Board input at the December 12, 2023 Board meeting regarding language translation, integration with water usage data, and contextual demographics such as the length of customer residency in La Crescenta. Staff is requesting the Board's input on the updated survey. Mr. Probolsky of Probolsky Research and Ann Newton will be available as resources to the Board.

RECOMMENDATION:

Discuss updated public opinion research survey questions.

CV Weekly - December 28, 2023

The 22nd Annual Armenian Genocide Commemorative Event was held on the day of the Armenian Genocide Remembrance. The Armenian Genocide occurred 108 years ago and for years the nation asked the United States to recognize what happened to its citizens as genocide. President Joe Biden in 2021 was the first President to recognize the atrocities that occurred as genocide.

May 2023

The Glendale Police Dept. arrested a male suspected in the 2021 death of a Glendale/La Crescenta teenager. 23-year-old Heriberto Galvan of North Hollywood was arrested on May 5 in association with the death of Tevan Gevorkian.

The Sunland-Tujunga Neighborhood Council (STNC) opened its doors to the public for in-person meetings after three years of Zoom meetings due to the pandemic. The main purpose of neighborhood councils is to promote more citizen participation in government and make government more responsive to local needs.

The Writers Guild of America (WGA) officially went on strike both in New York City and Los Angeles. The WGA Negotiating Committee unanimously rejected the final offer of the Alliance of Motion Picture & Television Producers (AMPTP) before the midnight deadline.

June 2023

CVWD proposed a capital charge on the 2023-24 property tax roll. A public hearing was conducted to consider the proposed capital charge on the property tax roll to fund pipeline replacements. If approved, the capital charge would take effect on the 2023-24 property tax roll and, with annual board approval, continue for several years.

The third annual Sunland-Tujunga Pride event was held at Sunland Park. The event was founded by a 15-year-old Verdugo Woodlands High School student. She felt the school wasn't welcoming to the LGBTQ+ community and wanted to create a safe event for her fellow students, and the community, to take part.

The Glendale City Council meeting turned contentious once public comment began, mirroring contention found at recent Glendale Unified School District (GUSD) meetings.

Councilmember Elen Asatryan and Mayor Dan Brotman spoke about recent acts of hate in addition to the GUSD demonstration that had turned violent at the previous week's school board meeting. These included the recent anti-Semitic flyers that had been distributed throughout the City, assaults on LGBTQ+ community members as well as vandalism of a vehicle that displayed an Armenian flag.

Crescenta Valley Water District hosted a public hearing regarding a proposed capital charge on the property tax roll. Disgruntled people arrived in droves, with attendees spilling out in two different directions toward the street.

Two men were arrested in connection with a carjacking of a pizza delivery driver.

Burbank Police responded to the 1500 block of North Naomi Street regarding a report of a carjacking that had just occurred.

Glendale City Council meeting was contentious and, at one point, Mayor Dan Brotman called for a "time out" to calm the situation. When the meeting resumed, due to ongoing interruptions by several audience members, City Attorney Michael Garcia suggested the mayor had been patient and advised it was time to think about clearing the chamber. The mayor gave the audience one more chance to act respectfully; however, the audience did not respond and the chamber was cleared.

Speakers during the public communication portion of the meeting focused primarily on Glendale Unified School District issues.

The Tuesday night Glendale Unified School District board meeting was once again the scene of chaos, anger and concern. Parents shared their opinions; some praised the district for its inclusivity of all students while others chastised the board for its LGBTQ+ policies, although there was nothing on the agenda concerning that issue.

At the end of the meeting Superintendent Vivian Ekchian announced her retirement from the District.

Attention: Crescent Valley Water District and Board of Directors

Subject: Bonds and capital improvements Resolution 790

Dear CVWD and Board of Directors,

Reviewing the data contained in Resolution 790 I have several questions that I would like the CVWD and Board of directors explain to the Public.

1. Question 1

In the installment Purchase Agreement it outlines the improvement as described in Exhibit A. Exhibit A is blank with no improvements identified. Since these capital improvements are for the current year, I would certainly think that the District had identified the needed improvements since we are now in 2024.

2. Question 2

I read throughout the document that the new monies from the bonds can be used retroactively to pay for expenses. Has the District been upgrading capital projects and not paid the costs with the 3 year increase which a portion was to cover Capital Improvement or the Special Charge which was specifically imposed to cover Capital Improvements. Will new monies be used for old expenses and if so what happened to the monies earmarked for infrastructure?

Excerpts from Resolution 790 Installment Purchase Agreement

INSTALLMENT PURCHASE AGREEMENT by and between CRESCENTA VALLEY WATER DISTRICT and CRESCENTA VALLEY WATER DISTRICT FINANCING CORPORATION
Dated as of _____ 1, 2024

Attachment 3

INSTALLMENT PURCHASE AGREEMENT This INSTALLMENT PURCHASE AGREEMENT is made and entered into and dated as of _____ 1, 2024, by and between CRESCENTA VALLEY WATER DISTRICT, a county water district that is duly organized and existing under and by virtue of the laws of the State of California (the "District"), and CRESCENTA VALLEY WATER DISTRICT FINANCING CORPORATION, a nonprofit public benefit corporation that is duly organized and existing under and by virtue of the laws of the State of California (the "Corporation"). RECITALS A. The District proposes to finance the acquisition and construction of certain capital improvements, betterments, renovations and

expansions of facilities within its Water System, as described in **Exhibit A** (collectively, the “2024 Project”). B. The Corporation has agreed to assist the District to finance the 2024 Project. D. The District is authorized under Division 12 of the Water Code of the State of California, including but not limited to Chapter 1 of Part 5 thereof, to acquire and construct capital improvements, betterments, renovations and expansions of facilities within its Water System.

Attachment 3

“EXHIBIT A DESCRIPTION OF 2024 PROJECT 2024 PROJECT

The 2024 Project includes a variety of capital improvements to the Water System. These improvements include _____”

Since the customer base has been hit with 3 years of increase of 8% which part was to cover capital improvements in addition to a special charge for infrastructure upgrades we want to assure that the monies are being properly spent on infrastructure as the customer base was told.

Please make this request part of the upcoming Board meeting agenda under Public Comments.

Respectfully,

Jonas Williams
